PNEUMATIC DIE LIFTERS STAMPING & VERTICAL MOLDING

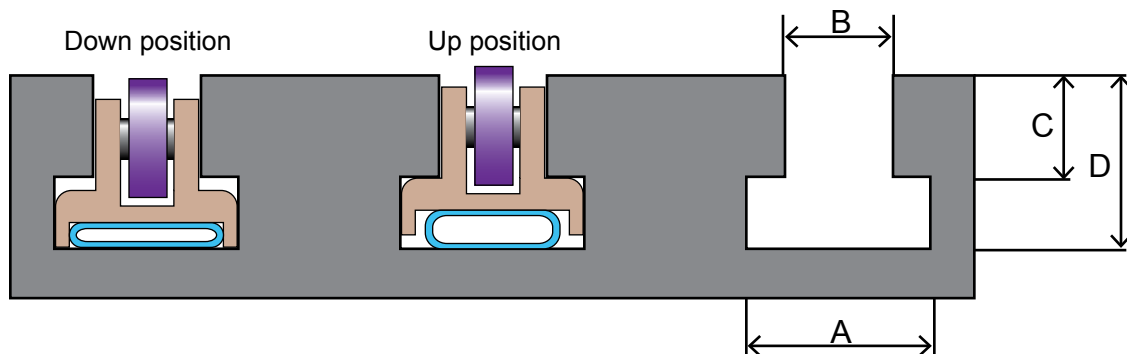

BENEFITS

- Simple Installation
- No Oily Mess
- Economical
- Shop Air Powered
- Low Friction Die Transfers To/From Press

Specify T-Slot Dimensions for each Press System on your order:

A, B, C, and D per this sketch on your order.

MANUFACTURING, INC.

PNEUMATIC DIE LIFTERS PRICE LIST

LIFT CAPACITY

Die lifter capacity at 80 psi:

$\frac{3}{4}$ " die lifters can lift 750 lb. per foot (use die F-B length X number of supporting die lifters).

1" die lifters can lift 1000 lb. per foot (use die F-B length X number of supporting die lifters).

ORDER INFORMATION

Part Number	Description	Pricing
2PAB	2-port manifold block	\$75.00 each
4PAB	4-port manifold block	\$125.00 each
6PAB	6-port manifold block	\$175.00 each
8PAB	8-port manifold block	\$225.00 each
075	die lifter for std. $\frac{3}{4}$ " or 22mm t-slot *	\$29.00 per inch
100	die lifter for std. 1" or 28mm t-slot *	\$32.00 per inch
SS100	slug shield option	\$2.00 per inch
SS075	slug shield option	\$1.90 per inch

All manifolds come with 3/8" NPT female connector for shop air supply, one slide valve, and straight 1/4" tubing push-lock connectors for air out to die lifters.

Each die lifter will contain a push-lock 90° elbow and 24" of 1/4" tubing to connect to manifold selected above.

*** Include drawing with dimensions of your T-slot with your order.**

Delivery time: 3-4 weeks

SAMPLE ORDER

Your purchase order should list quantity and part number of the manifold(s), and quantity and length of each die lifter segment.

Note: Include detailed T-Slot dimensions for each press system.

Example: one pair of $\frac{3}{4}$ " X 30" die lifters and one 2-port manifold block will be purchased as shown.

Item	Part Number	Quantity	Description	Price Each	Ext. Price
1	2PAB	1	2-port manifold block	\$75.00	\$75.00
2	075	2	30" die lifter for std. $\frac{3}{4}$ " t-slot	\$870.00	\$1740.00
