Titan Pneumatic Die Lifter VIDEO

Titan Pneumatic Die Lifter Detail

Green Valley Responds to the Recent Rebound in Manufacturing

Green Valley Manufacturing has completed another successful year of growth, providing our customers with a wide range of engineering solutions and custom **Titan** equipment to solve their manufacturing process challenges. Highlights include growth and expansion in:

- **Titan** Transporter, Trailer, Scooter and Tugger line
- Standard **Titan** Pneumatic Die Lifter production
- **Titan** Die, Mold, and Coil racks, carts and shuttles
- Ancillary services such as Engineering Studies and Consulting, Waterjet Cutting, Equipment Refurbishing, and Spare Parts

Titan 3012 Transporter - Video

This **Titan** has a capacity of 40 metric tons (90,000 lbs) and features 2WD and 2WS with a walk along dual handheld tethered pendant.

The safety features include a visual strobe when the power is on, musical audible alarm when unit is in motion, E-stop bumpers and E-stops on pendants and vehicle corners, collision avoidance sensors on front and back for personal safety.

Titan 3025 Mold Cart - Video

This **Titan** mold transfer cart was one of a pair completed for

vinyl bellows safety skirt.

one customer in 2013.

It has an ergonomic push handle, and a variable deck height from approximately 24" to 60" above the floor via a hydraulic powered scissors lift, covered by a perimeter

Titan 2901 Die Storage Rack

This **Titan** has a capacity of 12,500 lbs. It features high capacity rollers, die cart activated die stops, and a lower shelf with risers for forkable storage.

Titan 3091 Scooter

This **Titan** is designed as a dolly with four corner swivel poly casters and fork attachment pockets, with a usable deck size of 50" wide X 62" long.

It has a deck surface that is a rubber mat over 3/8" thick flat steel plate over structure. The overall cart size is 50" wide X 62" long X 23" from floor to load deck. It has 10" X 4" polyurethane swivel casters at each corner and fork pockets on each side of trailer with safety chains included to retain cart to fork truck. All wheels are swivel to allow cart to be pushed around by fork truck, if desired

. Shown above left with the customer's fork truck.

Titan 2878 High Capacity Storage Rack

This **Titan** features four adjustable shelves with a capacity of 20,000 lbs per shelf.

If you would like any information on any of our **Titan** projects, our standard Pneumatic Die Lifters, a sample section of our die lifters, or a quote on an upcoming project, reply to this email or contact us at 217-864-4125, ext 114.
