Titan 3120 Die or Mold Splitter

This [Titan 3120](#) has the capacity to split a 30,000 lb die or mold. It allows the lower half to be removed, inverts and lowers the upper half for removal, as well, and reassembles the die or mold after servicing. It has a docking feature for the Green Valley die or mold cart, [Titan 3117](#). The video below shows the 3120 being tested at the Green Valley facilities.
