These aptly named Titans are the [Featured Product](#) on our Website currently.

---

Our [Heavy Duty Industrial Steel Sawhorses](#) (work stands) can be designed to meet the capacity, height, and configuration needed in the manufacturing environment. Staging of the sawhorses can be done easily without cranes or forklifts. No heavy lifting required, even though the horses weight about 400 pounds each.

[2016 Sawhorse Flyer and Price Sheet](#) now available.
