Additional \$100 off per order if multiple identical pairs ordered at the same time.

Contact us for custom sizes and capacities

Green Valley Manufacturing is pleased to announce that we are now offering custom options for our Titan heavy duty steel industrial work horses (work stands). Custom options include: capacity, height, width, color, vertical adjustment, and surface material. We offer capacity ratings from 500 lb. per pair to 100,000 lb. per pair and are able to design to most any height and width. Surfaces now are offered in steel, lumber, or poly (UHMW).

We are known for our spring loaded suspension system allowing easy unloaded work horse placement, but we also offer a stationary style, as well.

Green Valley Manufacturing Heavy Duty Industrial Steel Work Horses (work stands) are engineered to meet the load bearing capacity, height, and configuration needed in the manufacturing environment.
